

Mr Bear's Adventure

Introduction

It would be a good idea to begin by asking the children to bring their own bears. Bring one of your own.

This can be Mr Bear

Mr Bear is a big friendly bear who lives in a little house in the middle of a wood.

Every day starts the same. (*encourage the children to join in each action*)

“Mr Bear got up. He stretched
He bounced downstairs
He had his breakfast of honey (*mime taking a jar from a shelf and scooping it out with a paw*)
Yum Yum!
And he went out into the forest to find someone to play with.”

He bounces around the forest – through the trees, over the bridge, between the bushes, around the lake

One day one he meets a dog.
Dog likes to go running around the trees so Mr Bear spends all day running with dog.
And that was a good day.

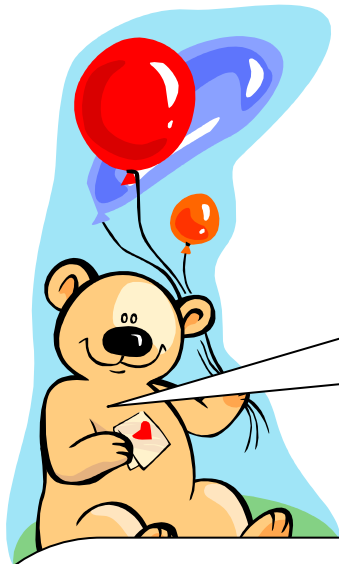

One day two he meets monkey
Monkey likes climbing up the trees so Mr Bear spends all day climbing with monkey.
And that was a good day.

One day three he meets fish. Fish likes swimming under the water so Mr Bear spends all day swimming with fish.
And that was a good day.

One day four he finds that there is no honey so he goes out to find honey. He discovers a tree that seems to be humming to itself. He goes closer and smells something good. He puts his paw into the tree. It comes out sweet and sticky. . He puts his other paw into the tree. It comes out sweet and sticky. He puts his nose into the tree.

The bees chase Mr Bear through the trees, over the bridge, between the bushes. He runs faster than dog but the bees fly faster. He climbs higher than monkey but the bees chase him. Finally he jumps into the water and the fish can't swim (*The children make their fingers into bees*)

Fish tells Mr Bear that he shouldn't take anything from the forest without asking and maybe if he politely asks the bees for honey, they might give him some.
The bees agree to give Mr Bear some honey and he carries it carefully home
So that was a good day too.!
